Appendix 5

Prioritized Project List

January 2019

Revised October 2020

Appendix 5. Database of Prioritized Project Lists

Database Column Title	Description
db_index	Unique index key for every project, used for database management. When referring to a specific project, use the key to avoid ambiguities (e.g. identical road names, APN formatting conventions).
Rank	Project ranking (i.e. prioritization) to be completed by each organization.
Rank Reasoning	Reasoning for the ranking. Potential reasons include but are not limited to: cost, opportunity, labor, additional benefit assessment, safety, and implementation.
Adjusted Total Score	The sum of the scores in columns N through Y. The maximum possible score is 24. ROW projects are only eligible for 21 maximum points, so they are normalized to the 24-point scale.
Unadjusted Total Score	The sum of the scores in columns N through Y, before adjustment for ROW projects.
Project Name	Name of the project (Planned projects only).
Stakeholder	Stakeholder that submitted the planned project.
Project Type	"Parcel-Based Opportunity", "Regional Opportunity", and "ROW Opportunity" are results of the opportunity analysis. All other project types, which begin with "Planned", are projects submitted by stakeholders.
Jurisdiction	Jurisdiction within which project is located. Jurisdictions are listed in Column G of this tab.
APN	Assessor's Parcel Number, as received from the Alameda County Assessor's Office in December 2017 (Parcel-Based and Regional projects only).
Owner	Parcel owner name, as received from the Alameda County Assessor's Office in December 2017 (Parcel-Based and Regional projects only).
Public/Private	Parcel and Stakeholder Projects are subject to a flag representing common area use code numbers or publicly identified parcels.
Street Name	Full name of the road (ROW projects only).
Size	Project scores for each metric provided in columns. Refer to the "Scoring Matrix" tab for scoring schema.
Slope	
Infiltration	
Yield Class	
Regional Facility	
Removes Pollutant Loads	
Augments Water Supply	
Provides Flood Control	
Reestablishes Natural Drainage	
Develops Open Space	
Community	
Trash Capture	
ROW Adjustment Factor	

Project Component	Benefit Addressed	Points		
		0	1	2
Parcel Area (For Regional and Parcel-Based Projects Only)	All	< 1 acre	1 - < 4 acres	> 4 acres
Location Slope	All	7-10%	3-7%	0-3%
Infiltration feasibility	All	No	Partial	Yes
PCBs/Mercury Yield Classification in Project Drainage Area ¹	Water Quality	New Urban, Agriculture/Open Space, or Other	Old Urban	Old Industrial or Source Property (+1)
Regional Facility (For Regional and Parcel-Based Projects Only)	Water Quality	--	Yes	--
Removes Pollutant Loads from Stormwater	Water Quality	Trash Capture Devices	Non-Green Infrastructure and Non-Infiltrating Green Infrastructure Treatment Control	Partially and Fully Infiltrating Green Infrastructure Project or Regional Project
Augments Water Supply	Water Supply	--	Infiltrating Green Infrastructure or Infiltrating Flood Control Project over Potential Water Supply Aquifer	Harvest/Use or Other Water Augmentation Project ²
Provides Flood Control Benefits	Flood	--	Fully and Partially Infiltrating Green Infrastructure Project	Flood Control Project ²
Re-establishes natural water drainage systems	Environmental	--	Fully and Partially Infiltrating Green Infrastructure Project	Stream Restoration or Hydromodification Control ²
Develops, restores, or enhances habitat and open space	Environmental	--	Green Infrastructure Project	Habitat Restoration Project ²
Provides enhanced or created recreational and public use areas with potential opportunities for community involvement and education	Community	--	Green Infrastructure Project	Public Use Area or Public Education Project Component ³
Trash Capture Co-Benefit	Water Quality	Low Trash Management Area	Medium Trash Management Area	High Trash Management Area
ROW Adjustment Factor	ROW projects are not eligible for the "Parcel Area" (maximum of 2 points) and "Regional Facility" (maximum of 1 point) scores as shown above in Table 5. Therefore, the unadjusted maximum score for a ROW project is 21 points, rather than 24 points. To allow for more direct comparison of ROW projects with Parcel and Regional projects, ROW total scores are adjusted by a factor of 1.14 (i.e., 24/21), and rounded to the nearest 0.5 points.			

Notes:

See Table 5 for Notes
