Disclaimer: ACCWP provides this list of biotreatment soil mix suppliers for the use of its member agencies, contractors, designers, and others in finding suppliers for their projects. Suppliers are listed based on a general review of their soil mix product including test results, adherence to the biotreatment soil specification approved by the Regional Water Board Executive Officer on April 18, 2016, and knowledge of the specification. Users of this list must make the final determination as to the products and adherence to the approved biotreatment soil specification. Users of the list assume all liability directly or indirectly arising from use of this list. The listing of any soil supplier should not be construed as an actual or implied endorsement, recommendation, or warranty of such soil provider or their products, nor is criticism implied of similar soil suppliers that are not listed.
